NOTICE OF WOODLINE CLEARING & MAINTENANCE

Lake Erie Tree Service will be clearing brush and overgrowth along the rear of the lots located on the woodline side of the community from lot numbers 322-345. Due to the secluded location of this area, crews and equipment may need to access the woodline through individual home sites. Residents are asked to remove any personal belongings, decorations, lawn furniture, toys, or other items located behind their homes or within the work area prior to clearing. Community Management and its contractors will not be responsible for damage to personal property left within the work or access area. Cleaning is scheduled to begin the week of September 17, 2026 pending weather.

Once the initial clearing has been completed, residents will be responsible for maintaining the area directly behind their home going forward, including keeping the area free of excessive brush, weeds, overgrowth, and personal belongings. For everyone's safety, please do not approach, interfere with, or give instructions to Lake Erie Tree Service employees or other subcontractors while work is being performed. All questions, concerns, or special circumstances should be directed to the Community Office. Thank you for your cooperation as we work to clean up and improve the woodline area of the community and restore lots to their accurate sizes.

Thank You,

Troy Villa Community Management
